

Nanopublication – Russia's Coercive Indoctrination and Deportation of Ukrainian Children as State Power

by Arnaud Quercy

This is a Foucauldian legal-philosophical analysis of Russia's coercive indoctrination, deportation, and militarization of Ukrainian children under occupation, built on categories of discipline, biopower, governmentality, and legal culpability – the ideamorphism framework's vocabulary (emitter/receiver, overture, codex, diffraction-as-creative-divergence) presupposes a voluntary, artistic transaction between free parties, and has no terms for state violence, forced deportation, or war-crimes accountability, so applying it here would either trivialize the coercion described or borrow gravity from the atrocity it cannot actually address.

DECLINED – NO-PURCHASE [1]

PROPOSITIONAL GRID [2]

Read this grid. “Not evaluated” does **not** mean the source has nothing to say about that proposition. It means **the reading did not instruct it**. That is not a result, and it counts in no denominator. A silence, by contrast, is a finding: the reading touched the proposition without concluding, or noted its absence itself.

Not evaluated (37) – P1, P2, P3, P3a, P4, P5, P6, P7, P8, P9, P10, P11, P12, P13, P14, P14a, P14b, P15, P16, P16a, P17, P18, P18a, P19, P19a, P20, P21, P22, P23, P24, P25, P26, P27, P28, P29, P30, P31

Overall verdict: DECLINED:no-purchase – taxonomy of the August 2026 pass, predating the move to relational verdicts. Kept as metadata: the gap between the two forms is data, not residue. This reading’s judgement is in the grid above.
